About the Capital Area Regional Transit Coordination Committee

The RTCC was created in June 2005 under the combined leadership of the Capital Area Council of Governments (CAPCOG) and the Texas Department of Transportation (TxDOT), Austin District. The Capital Area Metropolitan Planning Organization currently serves as the administrative lead agency and provides primary staff support for the Committee, and the Committee serves as the formal transportation "Issue Area Group" for the Community Action Network. The Committee includes 31 members representing agencies and organizations that are responsible for providing public transportation services and/or health and human services, as well as other individuals interested in the coordination of public transportation and client transportation services in the Capital Area. Our Boundaries encompass 10 counties. For more information, visit: <http://www.capitalareartcc.org>.

Roles and Responsibilities of RTCC Members

The Capital Area RTCC meets quarterly, and committee members are responsible for reviewing and commenting on technical materials and participating regularly in quarterly meetings. Those committee members representing organizations are also responsible for keeping their organizations informed regarding RTCC initiatives and activities. Depending on availability, RTCC members may also become more involved in RTCC activities including developing appropriate technical materials, sharing data, and participating in speakers bureaus, community forums and public involvement events.

For a list of current committee members, visit: http://www.capitalareartcc.org/rtcc_members.pdf

disabilities many of whom also struggle with transportation issues. I am interested in either of the 2 positions checked off because I realize that lack of transportation creates a barrier to employment. I want to learn more about grants, funding, etc., that can be used to address transportation issues in the Austin area. Thank you for your consideration.

Stevie: I am interested in serving on the RTCC if the business position is still open. I have attached the application form. Due to space, a description of my interest and skill set are below.

I staff the Chamber's Transportation Committee which monitors transportation issues at all levels of government, makes policy recommendations to the Chamber's Board of Directors and works hand in hand with Take on Traffic, the transportation advocacy arm of the Chamber. Through Take on Traffic, the Chamber advocates for a comprehensive, regional, multimodal transportation system. We believe transit is integral part of that system.

I have been engaged in transportation issues in Central Texas for the last 10 years . Prior to the Chamber I worked at AECOM a global engineering firm and was a volunteer at the Austin Chamber of Commerce and Round Rock Chamber of Commerce on transportation issues. I also served on Capital Metro's Dillo Task Force.

I am currently active in the Alliance for Public Transportation personally and as the Chamber's representative. I serve as Secretary to the newly formed statewide organization, Transportation Advocates of Texas and have recently join the WTS, Heart of Texas Chapter.

I live in Austin, in Williamson County and use transit 3-4 times a month.

If you need any additional information, please let me know.

Beth Ann
